

“I Never Thought It Could Happen To Me.”

“I thought I had planned for everything.” These are the words of a flood victim—they could be yours. Thousands of people every year find out that it CAN happen.

Are you prepared for a flood? Did you know you don't have to live close to water to become a flood victim? Do you have flood insurance?

You need to know the answers

to these questions. Because the terrifying truth is that floods can happen anywhere, anytime. Flood insurance is the best way to protect yourself *before* the flood hits. Flood damage often goes way beyond that of house and home. Flood victims not only lose their homes and treasured possessions, but rebuilding costs also eat up life savings, retirement funds and children's

college educations.

You can protect yourself—through the National Flood Insurance Program. We have one mission: to restore the quality of life of flood victims as soon as possible. For more information, call us today.

We can't replace your memories, but we can help you build new ones.

NOTICE

The first week of March has been designated as “Flood Awareness Week” by the Town of Carthage. Any citizen wishing to obtain information on flooding may contact the Town of Carthage City Hall, 314 Spring Street, or the Smith County Public Library, Courthouse Square.

Sarah M. Smith, Mayor
